Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner contacted Applicant's representative to propose changing the ambiguous phrase "more or less" to the term "substantially", with respect to the parallel relationship of the axis of winding of the helical internal rib compared to the arrangement of the dip tube, in order to allow the instant claims. Applicant's representative approved such an amendment, as well as amendments to the specification to insert appropriate section headings. Please refer to the "Examiner's Amendment" mailed herewith for the specific amendments made to the instant application.
